ARTICLE X - USE RESTRICTIONS

Section 1. Residential Use. All of the Subdivision shall be known and described as residential property and no more than one detached, single-family Dwelling may be constructed on any Lot, except that more than one Lot may be used for one Dwelling, in which event, all Restrictions shall apply to such Lots as if they were a single Lot, subject to the easements indicated on the Plat and the easement reserved in Section 4 of this Article.

Section 2. Structures. No residence or structures, of any kind, shall be erected nearer than permitted by the setback lines shown on the Plat. Above ground swimming pools are prohibited.

Section 3. Dwelling. No Dwelling shall have a floor square foot area of less than thirteen hundred (1300) square feet, exclusive of screened area, open porches, terraces, patios and garages. All Dwellings shall have at least one (1) inside bath. A "bath", for the purposes of this Declaration, shall be deemed to be a room containing at least one (1) shower or tub, and a toilet and wash basin. All Dwellings shall have at least a two (2) car garage attached to and made part of the Dwelling. No Dwelling shall exceed two and one-half (2 1/2) stories nor forty-five (45) feet in height. All Dwellings shall be constructed with concrete driveways and grassed front, side and rear lawns. Each Dwelling shall have a shrubbery planting in front of the Dwelling.

Section 4. Lot Owner's Responsibility for Boundary Walls. Lot Owners other than Declarant shall not alter or modify any boundary wall installed by the Developer, including, without limitation, the color of such boundary wall. The responsibility for maintenance, repair or painting of the interior and exterior of a wall pursuant to this Article shall not be the responsibility of the Lot Owner, but shall be the responsibility of the CDD or Master Association, as the case may be, and shall be a Common Expense. The CDD and/or the Master Association shall have a right of entry upon an Owner's Lot for such purpose shall not constitute a trespass.

Section 5. Use of Accessory Structures. Other than the Dwelling and its attached garage, no tent, shack, barn, utility shed or building shall, at any time, be erected and used on any Lot temporarily or permanently, whether as a residence or for any other purpose; provided, however, temporary buildings, mobile homes, or field construction offices may be used by Declarant and its agents in connection with its operations. No recreation vehicle may be used as a residence or for any other purpose on any of the Lots in the Properties.

Section 6. Commercial Uses and Nuisances. No trade, business, profession or other type of commercial activity shall be carried on upon any Lot, except as hereinafter provided for Declarant and except that real estate brokers, Owners and their agents may show Dwellings for sale or lease; nor shall anything be done on any Lot which may become a nuisance, or an unreasonable annoyance to the

Every person, firm or corporation purchasing a Lot recognizes that Declarant, its agents or designated assigns, have the right to (i) use Lots or houses erected thereon for sales offices, field construction offices, storage facilities, general business offices, and (ii) maintain fluorescent lighted or spotlight furnished model homes in the Properties open to the public for inspection seven (7) days per week for such hours as are deemed necessary. Declarant's rights under the preceding sentence shall terminate on December 31, 2014, unless prior thereto Declarant has indicated its intention to abandon such rights by recording a written instrument among the Public Records of Pasco County, Florida. It is the express intentions of this Section that the rights granted Declarant to maintain sales offices, general business offices and model homes shall not be restricted or limited to Declarant's sales activity relating to the Properties, but shall benefit Declarant in the construction, development and sale of such other property and Lots which Declarant may own.

Section 7. Animals. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Lot, except that cats, dogs, and other household pets may be kept provided they are not kept, bred, or maintained for any commercial purposes; provided further that no person owning or in custody of a dog shall allow the dog to stray or go upon another Lot without the consent of the Owner of such Lot; and provided further that no more than a total of three (3) animals may be kept on any Lot. Each dog or cat must be on a leash and in full physical control by the Owner or Owner's family member at all times when the dog or cat is outside of the Owner's Lot. All excretions shall be immediately removed from the Property by the owner or caretaker of the pet, placed in a sealed container and placed in the Owner's solid waste container.

Section 8. Fences, Walls and Hedges. Construction or planting of any fence, wall or hedge must be approved by the Design Review Board in accordance with Article XI of this Declaration. Except as to fences, walls or hedges originally constructed or planted by Declarant, if any, no fences, walls or hedges of any nature may be erected, constructed or maintained upon any Lot within any areas of a Lot designated as "areas where fences are prohibited" in **Exhibit "E"**; provided, further, that no perimeter fences, walls or hedges along property lines shall be allowed, and that no fence, wall or hedge shall be erected or permitted on a Lot in any location thereon where Declarant has erected a privacy fence or monument as provided in Subsection 4 (c) of Article III. As to any fence, wall or hedge erected or maintained pursuant to this Paragraph, such fence, wall or hedge shall be constructed consistent with **Exhibit "E"**. Exhibit "E" shall be construed in conjunction with the restrictions shown on the Plat and the ordinances of the applicable governmental authority. To the extent the restrictions of the Plat or the ordinances of the applicable governmental authority are more restrictive the restrictions of the Plat and the ordinances of the applicable governmental authority shall prevail. The provisions and restrictions of Exhibit E are illustrative in nature and are intended to depict a general scheme of fencing specifications, which the Design Review Board may amend at anytime. The Design Review Board may grant variances to the fencing requirements where lot configuration and size, and the placement of dwellings conflict with the fencing requirements.

Section 9. Vehicles. The parking or storage of automobiles except in designated areas of the Properties is prohibited without express prior written permission of the Association. Vehicles are to be parked in the garage. In the event all vehicles cannot be parked in the garage, then such vehicles(s) must be parked in the driveway of the Lot. The overnight parking of vehicles of any kind in the Common Area is prohibited except in areas designated as parking areas by the Association; provided, however the overnight parking of any of the following vehicles is prohibited upon any areas of the Properties: trucks or vans used for commercial purposes, mobile homes, trailers, boats, boat trailers, truck campers and any trucks or vans weighing more than 3/4 ton unless parked fully within a closed garage. The provisions hereof shall not apply to Declarant or Developer, and their invitees, in connection with the construction, development or marketing of the Properties or marketing of the Lots.

No inoperable vehicle may be parked on the Common Area, or on the Property, including, without limitation, designated parking areas. The Board may appoint a committee of a minimum of two (2) Members to police the Common Area and the property. The committee shall make inquiries to attempt to determine the ownership of any inoperable vehicle, and present a written report to the Board. The Board, in its sole discretion, shall determine if a vehicle is inoperable in the event one of the following conditions occur: (i) the vehicle does not have a current license tag from the Florida Department of Motor Vehicles or

the proper licensing authority of one of the other United States or a foreign country; or (ii) the vehicle has not been moved for a period of at least seven (7) days. In the event the Board determines a vehicle is inoperable, and it has been able to determine ownership of the vehicle, the Board shall deliver a notice to such owner giving the owner seven (7) days to register the vehicle with the proper licensing authority or to remove the vehicle from the Common Area and the Property. In the event the Board is unable to determine the ownership of the vehicle, it shall place such notice on the windshield of such vehicle. In the event the owner of the inoperable vehicle fails to correct the situation within such 7 day period, the Board may have such vehicle towed away. The cost of towing, storage, any impound fees, and all costs and expenses incurred by the Association in connection with such vehicle shall be the sole cost of the owner of the vehicle. All sums so incurred by the Association, together with interest and all costs and expenses of collection, shall be secured by a continuing lien on such Owner's Lot in favor of the Association.

Section 10. Storage. No Lot shall be used for the storage of rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers properly concealed from public view.

Section 11. Clothes Hanging and Drying. All outdoor clothes hanging and drying activities shall be done in a manner so as not to be visible from any Front Street or Side Street or any adjacent or abutting property and are hereby restricted to the areas between the rear dwelling line and the rear yard line and, in the cases of Lots bordering a Side Street, to that portion of the aforedescribed area which is not between the Side Street and the Side Dwelling Line. All clothes poles shall be capable of being lifted and removed by one (1) person in one (1) minute's time and shall be removed by the Owner when not in actual use for clothes drying purposes.

Section 12. Antennas and Roof Structures. No television, radio, or other electronic towers, aerials, antennas, satellite dishes or devises of any type for the reception or transmission of radio or television broadcasts or other means of communication shall hereafter be erected, constructed, placed or permitted to remain on any Lot or upon any Improvements thereon, except that this prohibition shall not apply to those antennas specifically covered by 47 C.F.R. Part 1, Subpart S, Section 1.4000 (or any successor provision) promulgated under the Telecommunications Act of 1996, as amended from time to time. The Neighborhood Association shall be empowered to adopt rules governing the types of antennas that are permissible hereunder and establishing reasonable, non-discriminatory restrictions relating to safety, location and maintenance of antennas.

To the extent that reception of an acceptable signal would not be impaired, an antenna permissible pursuant to rules of the Neighborhood Association may only be installed in a side or rear yard location, not visible from the street or neighboring property, and integrated with the Dwelling and surrounding landscape. Antennas shall be installed in compliance with all state and local laws and regulations, including zoning, land use, and building regulations.

Section 13. Street Lighting. In accordance with Article I, Section 7 and Article II, Section 1, hereof, the cost of street lighting shall be a common expense of the Master Association, unless the street lighting is through a street lighting district or some other alternative method.

Section 14. Lot and Dwelling Upkeep. All Owners of Lots with completed houses thereon shall, as a minimum, be obligated to have the grass regularly cut and irrigated, trees maintained, including any street trees and the sidewalk, and all trash and debris removed. This obligation shall include the right of way or tract area lying between the Owner's Lot line and the pavement of the street. The Owner of each Lot shall maintain the Dwelling located thereon in good repair, including, but not limited to the exterior paint and appearance of the Dwelling. No Owner may change the original color of the exterior of his Dwelling without the prior written consent of the Design Review Board. If an Owner of a Lot fails, in the Board's sole discretion, to maintain their Lot or Dwelling, or the right of way or tract area as required herein, the Board, after giving such Owner at least ten (10) days written notice, is hereby authorized, but shall not be hereby obligated, to maintain that Lot, Dwelling or right of way or tract area and said Owners shall reimburse Association for actual costs incurred therewith.

Section 15. Window Treatments. No newspaper, aluminum foil, reflective film, nor any other material, other than usual and customary window treatments, shall be placed over the windows of any Dwelling.

Section 16. Signs. No sign, billboard or advertising of any kind shall be displayed to public view on any of the Properties without the prior written approval of the Design Review Board. Any such request submitted to the Design Review Board shall be made in writing, accompanied by a drawing or plan for one (1) discreet professionally prepared sign not to exceed twenty four (24) inches in width and eighteen (18) inches in height, to be attached to a 2 x 4 no higher than three (3) feet from the ground. Such sign shall contain no other wording than "For Sale" or "For Rent", the name, address and telephone number of one (1) registered real estate broker, or a telephone number of an Owner or his agent. In no event shall more than one (1) sign ever be placed on any Lot. A standard real estate broker sign substantially meeting these requirements may be placed on the Lot without Design Review Board approval. Notwithstanding the foregoing provisions, the Declarant specifically reserves the right, for itself and its agents, employees, nominees and assigns the right, privilege and easement to construct, place and maintain upon the Properties such signs as it deems appropriate in connection with the development, improvement, construction, marketing and sale of any of the Properties. Except as hereinabove provided; no signs or advertising materials displaying the names or otherwise advertising the identity of contractors, subcontractors, real estate brokers or the like employed in connection with the construction, installation, alteration or other improvement upon or the sale or leasing of the Properties shall be permitted.

Section 17. Trees. No Owner shall remove, damage, trim, prune or otherwise alter any tree in the Properties, the trunk of which tree is eight (8) inches or more in diameter at a point twenty-four (24) inches above the adjacent ground level, except as follows:

(a) With the express written consent of the Neighborhood Association.

(b) If the trimming, pruning or other alteration of such tree is necessary because the tree or a portion thereof creates an eminent danger to person or property and there is not sufficient time to contact the Neighborhood Association for their approval.

(c) Notwithstanding the foregoing limitation, an Owner may perform, without the express written consent of the Neighborhood Association, normal and customary trimming and pruning of any such tree, the base or trunk of which is located on said Owner's Lot, provided such trimming or pruning does not substantially alter the shape or configuration of any such tree or would cause premature deterioration or shortening of the life span of any such tree.

(d) It is the express intention of this Section 17 that the trees existing on the Properties at the time of the recording of this Declaration, and those permitted to grow on the Properties after said time, be preserved and maintained as best as possible in their natural state and condition. Accordingly, these provisions shall be construed in a manner most favorable to the preservation of that policy and intent.

Section 18. Prohibition of Certain Activities. No damage to, or waste of, the Common Area or any part thereof, shall be committed by any Owner or any tenant or invitee of any Owner. No noxious, destructive or offensive activity shall be permitted on or in the Common Area or any part thereof, nor shall anything be done thereon which may be or may become an unreasonable annoyance or nuisance to any other Owner. Section 19. Rules and Regulations. No Owner or other permitted user shall violate the reasonable Rules and Regulations for the use of the Common Area, as the same are from time to time adopted by the Board.

Section 20. Flags and Flagpoles. Other than the Declarant an Owner may display only one removable and portable United States flag on the Owner's Dwelling, provided the flag is displayed in a

respectful way and may be subject to reasonable standards for size, placement, and safety, as adopted by the Neighborhood Association, consistent with Title 36 U.S.C. chapter 10 and any local ordinances.

Section 21. Above Ground Tanks. The placement or maintaining on a Lot of any and all kinds of above ground fuel tanks are strictly prohibited. This prohibition shall include, but not be limited to, fuel tanks of gas, kerosene, diesel fuel, propane or similar fuels, but shall exclude small attachable tanks for gas grills. In ground tanks may be installed on a Lot provided the tank is permitted by local, state or federal regulations and is installed and maintained in accordance with such regulations. A permit for such in ground tank must be received from the Committee. The Committee may establish rules and regulations for the installation and maintenance of in ground tanks.

Section 4. Standards for Review and Approval. Any such review by and approval or disapproval of the Design Review Board shall take into account the objects and purposes of this Declaration and the purposes and function of the Design Review Board. Such review by and approval of the Design Review Board shall also take into account and include the type, kind, nature, design, style, shape, size, height, width, length, scale, color, quality, quantity, texture and materials of the proposed building, structure or other Improvement under review, both in its entirety and as to its individual or component parts, in relation to its compatibility and harmony with other, contiguous, adjacent and nearby structures and other Improvements and in relation to the topography and other physical characteristics of its proposed location and in relation to the character of the WATERS EDGE SINGLE FAMILY community in general. The Design Review Board shall either approve or disapprove any plans, specifications or other materials submitted to it within thirty (30) days after the same have been duly submitted in accordance with any rules and regulations regarding such submission as shall have been adopted by the Design Review Board. The failure of the Design Review Board to either approve or disapprove the same within such thirty (30) day period shall be deemed to be and constitute an approval of such plans, specifications and other materials; subject, however, at all times to the covenants, conditions, restrictions and other requirements contained in this Declaration and also subject to the provisions of the Design Review Manual.

Section 8. Duration of Approval. Any approval of plans, specifications and other materials, whether by the Design Review Board or by the Declarant or the Board of Directors of the Neighborhood Association following appeal, shall be effective for a period of one (1) year from the effective date of such approval.
